Mormons: A dangerous religious cult also known as the Church of Jesus Christ of Latter Day Saints, founded by Joseph Smith in 1830. Smith claims to have been visited by God the Father and Jesus and they told him that the bible had been corrupted. Later, he received directions from the angel “Maroni” on where to find “golden plates” which contained the “Book of Mormon”. Mormonism has an overall “spiritual evolution” path which tells that God the Father was originally a normal man but he was able to evolve to a powerful god by doing good works. They also believe that both Jesus and Lucifer (Satan) were created by God the Father and they are brothers. When God the Father realized humanity would need redemption due to sin, Jesus accepted the Father’s plan and Satan rejected it and rebelled. Satan took a large portion of the heavenly spirits with him.

1) At the age of 14 in 1820, Smith was in the woods praying and God the Father and Jesus appeared to him and told him that the bible had been corrupted and he should not join any of the current religions.

2) In 1823 at the age of 17, the angel “Maroni” (who is the son of Mormon) appeared to Smith and told him there were hidden golden plates containing a new and perfect bible “The Book of Mormon”.

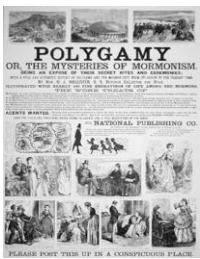

3) In 1827, the angel Maroni led Smith to the golden plates that were in Palmyra, NY where Smith happened to be living at the time. Using a “seer stone” placed in his hat and a scribe, Smith translated the golden plates from an Egyptian dialect into English. While translating the plates, John the Baptist appeared and ordained Smith to complete the divine work and to restore the real church back to the earth. The Book of Mormon was published in 1830.

4) The book of Mormon covers a period from about 600 B.C. to 450 A.D. It tells of the “Jaredites”, a people from the tower of Babel who settled in Central America. They eventually perished due to immorality. Later, a Jewish tribe led by a man called “Nephi” fled Jerusalem and settled in America due to persecution. They split into the “Nephites” and “Lamanites” who warred resulting in the defeat of the Nephites in 428 A.D. The Lamanites became the American Indians.

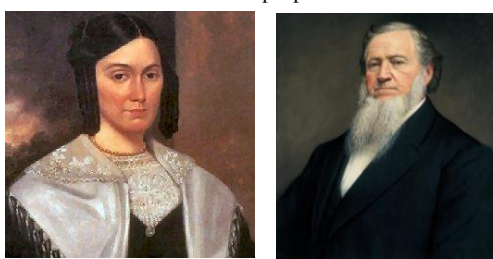

5) The Mormons grew quickly. They were so deviant from real Christianity, especially due to polygamy; they were forced to move from New York to Ohio, then Missouri and finally Nauvoo, Illinois.

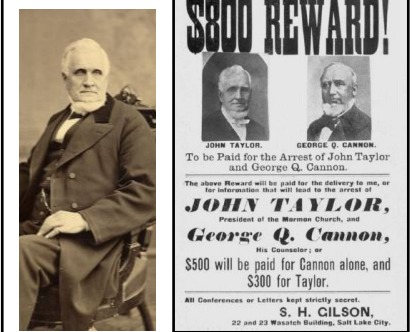

6) While in Nauvoo, Smith and his brother Hyrum were jailed for destroying a printing press being used to denounce Mormonism. A mob broke into the jail and assassinated Smith and his brother in 1844.

7) After Smith was murdered, the Mormon Church was split into two groups. One was led by his widow (Emma Smith). They are known as the Reorganized Church of Jesus Christ of Latter Day Saints and claim to be the legal succession of the Church. The other group was led by Brigham Young. They moved to Utah and eventually settled in Salt Lake City in 1847. Brigham Young had at least 25 wives and accumulated great wealth. One of his more extreme beliefs was that people lived on the moon.

8) In 1882, the U.S. Congress declared Polygamy to be illegal. John Taylor, the 3rd President of the Mormon Church, had at least 7 wives and 34 children at the time. He went into hiding and became wanted by the U.S. Government.
